One or more slides of *background* or *motivation*.

Project Goals

Described what you are trying to accomplish, including “stretch” goals.

Family Tree Knowledge Base

Facts:

Verbatim is a great way of enumerating code/algorithmic ideas.

How to include images

Social Network Graph

Minipages are a great way to

Line up side-by-side content.

Results

Describe any results of your work here.

Things that worked?

Things that didn't work?

Conclusions

Some bullet points here to wrap things up.
